Professionally Speaking

Volume 59, Issue 10

President's Message

I would like to send my condolences and prayers to the families and friends affected by the shooting in Las Vegas earlier this week. And a shout out to all the medical personnel and law enforcement officers in Las Vegas who helped during this tragedy. I couldn't even imagine how difficult it was to see so many victims in one place. I can tell you this is why we do mass casualty

drills so that when something like this happens we are ready, as ready as you can ever be.

As you read this month's Professionally Speaking 60+ delegates from MODNA will be getting ready to attend the ONA Biannual Convention on Oct. 6-8. This year's convention is extremely important to all members, as we will be voting on whether ONA should dissolve their relationships with Districts. During the Friday afternoon networking session just prior to convention start, MODNA members will be providing education to convention attendees on all the reasons why districts are important and should remain a part of ONAs structure.

Districts are a stepping stone to ONA. Getting involved in your district helps prepare you to get involved in ONA. Nursing students love coming to our district events because it is not as intimidating as trying to get involved with ONA directly. Some say it is easier to start learning the process from your district first. Our district offers many CE events, dinners and is a huge advocate for legislation and transitions to practice. Not all districts are as fortunate. We know that we are blessed. We, MODNA, need to extend our hand to the smaller districts; united we can help strengthen other districts in providing more education, advocacy, recognition, and support to all our members.

Fall is here... enjoy,

Barb Welch, MS, RN
MODNA President
