

**Nomination Deadline:** February 28, 2019

**NOBC Board Opportunity:** One Heart World-Wide (OHW), <https://www.oneheartworld-wide.org/>

**Purpose:**

We deliver safe pregnancies

**Description:**

One Heart World-Wide (OHW) is a 501(c)(3) organization with over 15 years of experience implementing maternal and neonatal mortality prevention programs in areas where women often die alone at home giving birth. Their aim is to improve access to, and utilization of healthcare services to reduce the risk of maternal and neonatal mortality in the most remote, rural areas. They believe that all women and newborns can receive the quality healthcare services they deserve during pregnancy and childbirth, anytime and anyplace.

Maternal and perinatal mortality are considered key indicators for health and development. OHW specializes in improving the access to, and the delivery of essential healthcare services in regions where the need is the greatest. They work in remote areas with the lowest human development indexes, where other organizations rarely operate. Pregnant women in these high-risk regions are often faced with little to no access to medical care. Socio-cultural barriers, limited personal resources, lack of information, geographical limitations, and inadequate healthcare services prevent pregnant women from receiving the essential care they need to have a safe pregnancy and childbirth. OHW addresses these barriers by improving access to healthcare services in the world's hardest to reach places. We deliver results and drive systemic change, saving lives now and in the future.
